

University of St Andrews & The Scottish Crop Research Institute

**Lectureship in molecular studies of plant host-pathogen interactions**

**Salary - £36,532 - £44,930 pa**

This is a new initiative between the Scottish Crop Research Institute (SCRI), Scotland's leading institute for research on plants and their interactions with the environment and the University of St. Andrews, where the Centre for Biomolecular Sciences (CBMS) has an international reputation in cell and molecular studies of infection and immunity. The aim of the initiative is to link the complementary research strengths and state-of-the-art facilities in molecular biology, structural biology, virology and protein chemistry to provide a new focus for the investigation of protein structure and activity relations of macromolecular complexes in virus diseases of plants.

Informal enquiries can be made to Professor Garry Taylor (e-mail: [glt2@st-andrews.ac.uk](mailto:glt2@st-andrews.ac.uk); tel: +44(0) 1334 467301), Professor Richard Elliott (e-mail: [rme@st-andrews.ac.uk](mailto:rme@st-andrews.ac.uk), tel: +44(0) 1334 463396) or Dr Lesley Torrance (e-mail: [Lesley.Torrance@scri.ac.uk](mailto:Lesley.Torrance@scri.ac.uk), tel: +44(0) 1382 568525)

**Please quote ref: SK162/09**

Application forms and further particulars are available from Human Resources, University of St Andrews, College Gate, North Street, St Andrews, Fife KY16 9AJ, (tel: 01334 462571, by fax 01334 462570 or by e-mail [Jobline@st-andrews.ac.uk](mailto:Jobline@st-andrews.ac.uk)). The advertisement, further particulars and a downloadable application form can be found at <http://www.st-andrews.ac.uk/employment/>.

The University is committed to equality of opportunity.

The University of St Andrews is a charity registered in Scotland (No SC013532)
